

## HOLIDAY COVERAGE AT YOUR SCHOOL

We realized that some schools no longer allow holiday celebrations. Many still do. Here are some quick ideas on covering the holidays in your book.

### ❄️ | KNOW WHERE TO FOCUS

*It will help if you find out in advance what holiday plans teachers have. Send out a short (half-sheet) survey to your faculty asking what they are planning.*

### ❄️ | SEND BEST WISHES

*Create a yearbook holiday card and send it to those who have helped you so far this year. Make it a photo card with your whole staff in it.*

### ❄️ | MUSICAL MOMENTS

*It is highly likely that your choir, band or orchestra will perform some type of holiday or winter program. Make sure you have this covered and that you know the program in advance.*

### ❄️ | CHAMPION CHARITY

*On a non-coverage note, let your yearbook staff be a force for good in your school and either heavily support an existing charity drive or start one of your own if none exists at your school.*
